

What is it?...West Virginia!

by Laura Edwards, age 12

Silky fur,
twitching nose,
long ears,
puffy tail.

WHAT IS IT?

Comfortable inside,
hard and smooth outside,
surprise incubating inside.

WHAT IS IT?

Majestic breast,
sharp talons,
white head,
wild and free.

WHAT IS IT?

Quiet and shy,
hard to find unless you look,
red or brown on either,
with a red regal crest on head.

WHAT IS IT?

The sweet aroma,
usually clothed in purple
our state flower.

WHAT IS IT?

Blue and yellow,
mountains and valleys,
country roads.

WHAT IS IT?

WEST VIRGINIA!!!!
