NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED JUNE 30, 2010 AND 2009

Note 1 - Organization and Summary of Significant Accounting Policies

Organization

Potomac Valley Audubon Society, Inc. ("Organization") is a not-for-profit corporation incorporated under the laws of West Virginia on August 2, 1982. The Organization is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code, except on net income derived from unrelated business activities. The Organization is a chapter of the National Audubon Society.

Mission and Nature of Activities

The Potomac Valley Audubon Society serves a largely rural, though rapidly growing area that includes Jefferson, Berkeley and Morgan counties in West Virginia and Washington County, Maryland. The organization is dedicated to preserving, restoring and enjoying the natural world through education and action. It co-manages two nature preserves with The Nature Conservancy and offers educational programming for children and adults. Its programming for children includes school programs, after-school programs and a summer camp. Its programming for adults includes a nature photography group, West Virginia Master Naturalist Program training, workshops, and lectures and field trips that are open to everyone in the community. No other local organization is providing the same kinds of services on the same scale.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Under this method, support is recognized in the period in which it is earned or committed to the Organization while expenses are recognized in the period the liability is incurred.

Basis of Presentation

The Organization elected to adopt Statement of Financial Accounting Standards (SFAS) No. 116, *Accounting for Contributions Received and Contributions Made* and SFAS No. 117, *Financial Statements for Not-For-Profit Organizations* for the presentation of its financial statements.

Under these provisions, net assets and revenues, expenses, gains and losses are classified based on donor imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

Unrestricted – Net assets that are not subject to donor-imposed stipulations. These are resources over which the Board of Directors have discretionary control.

Temporarily Restricted – Net assets subject to donor-imposed stipulations that may or will be met, either by actions of the Organization and/or with the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

POTOMAC VALLEY AUDUBON SOCIETY, INC.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED JUNE 30, 2010 AND 2009

Note 1 - Organization and Summary of Significant Accounting Policies (Continued)

Permanently Restricted – Resources subject to a donor restriction that they be maintained permanently by the Organization. The permanently restricted net assets as of June 30, 2010 consist of land donated by The Nature Conservancy and a Beneficial Interest in Property. See Note 3 and Note 8, respectively for further details.

Support and Revenue

Contributions are generally available for unrestricted use unless specifically restricted by the donor. Unconditional promises to give are recognized when the donor makes a promise to give to the Organization.

Contributions of donated services that create or enhance non-financial assets or that require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation are recorded at their fair values in the period received, if subject to reasonable estimation.

Grants

Grants received by the Organization to provide for operations represent exchange transactions whereby the Organization must provide services as outlined in the related grant agreement. As such, these grants are not considered contributions and are not subject to SFAS No. 116 provisions.

Grants and other contributions of cash and other assets are reported as temporarily restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Contributions received with donor-imposed restrictions that are met in the same year in which the contributions are received are classified as unrestricted contributions.

Grants received by the Organization for property acquisitions are considered to be time restricted contributions and as such are subject to provisions of SFAS No. 116.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the report period. Accordingly, actual results could differ from those estimates.

POTOMAC VALLEY AUDUBON SOCIETY, INC.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED JUNE 30, 2010 AND 2009

Note 1 - Organization and Summary of Significant Accounting Policies (Continued)

Cash and Cash Equivalents

Cash and cash equivalents consist of short-term, highly liquid investments which are readily convertible into cash within ninety (90) days of purchase. For financial reporting purposes, management considers all certificates of deposits regardless of maturity, to be cash equivalents.

Inventories

The Organization considers inventories of materials and supplies utilized in operations as expended at the time of purchase or donation. Therefore, they do not appear in the Organization's financial statements.

Land, Buildings, and Equipment

Purchases of land, buildings and equipment having a unit cost of \$500 or more and an estimated useful life of more than one year are capitalized at cost. Donated assets are capitalized at the estimated fair market value at time of receipt. Certain donated services are capitalized as improvements when those services enhance the value of the assets. It is not the Organization's policy to imply time restrictions expiring over the useful life of donated assets. In the absence of donor-imposed restrictions on the use of the assets, gifts of long lived assets are reported as unrestricted support.

Depreciation is calculated on all buildings and equipment using accelerated and straight-line methods based upon the estimated useful lives of the assets as follows:

Buildings and Improvements	25 Years
Land Improvements	15 Years
Furniture and Office Equipment	5 Years
All Other Equipment	3 Years

Donated Services and Noncash Gifts

During the years ended June 30, 2010 and 2009, the value of contributed services meeting the requirements for recognition in the financial statements was \$4,583 and \$2,234, respectively. In addition, many individuals volunteer their time and perform a variety of tasks that assist the Organization, but these services do not meet the criteria for recognition as contributed services. The Organization receives more than 6,500 volunteer hours per year.

The Organization receives rent free space at various locations which it uses for meetings, programs and lectures. The in-kind value of the space is estimated to be \$27,124 and \$22,284 for the years ended June 30, 2010 and 2009, respectively.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED JUNE 30, 2010 AND 2009

Note 1 - Organization and Summary of Significant Accounting Policies (Continued)

Donated Services and Noncash Gifts (Continued)

Effective November 3, 2008 the Organization received, by way of gift, from The Nature Conservancy, two tracts of land totaling approximately 8.5 acres. The land which was valued at \$16,940 is located in Morgan County, WV and is part of the Eidolon Preserve which the Organization currently co-manages (See Note 2). As a condition of the gift, the land must forever be held for scientific, educational and aesthetic purposes and must be kept entirely in its natural state except for a set of specified improvements to facilitate educational programming.

The Organization received an automobile in June 2010 which it subsequently sold. The net proceeds from the sale of the automobile were \$1,512 and have been recorded as Contributions on the Statement of Activities.

Functional Allocation of Expenses

The costs of providing various programs and activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs as supporting services benefited.

Note 2 - Management Agreements

Yankauer Preserve

On October 16, 2006, the Organization entered into a five year agreement with The Nature Conservancy ("TNC") to co-manage the property known as the Yankauer Preserve located in Berkeley County, West Virginia. The agreement requires the Organization to maintain public liability insurance in the amount of \$1,000,000 per occurrence for claims of injury to individuals and \$500,000 per occurrence for all claims for damages to or loss of property occurring on the Preserve. The Organization is responsible for the day-to-day maintenance of the Preserve to fulfill the combined mission of the Organization and TNC. The agreement can be renewed for five (5) additional five (5) year terms.

Eidolon Preserve

On October 16, 2006, the Organization entered into a five year agreement with The Nature Conservancy ("TNC") to co-manage the property known as the Eidolon Preserve located in Morgan County, West Virginia. The agreement requires the Organization to maintain public liability insurance in the amount of \$1,000,000 per occurrence for claims of injury to individuals and \$500,000 per occurrence for all claims for damages to or loss of property occurring on the Preserve. The Organization is responsible for the day-to-day maintenance of the Preserve to fulfill the combined mission of the Organization and TNC. The agreement can be renewed for five (5) additional five (5) year terms.

POTOMAC VALLEY AUDUBON SOCIETY, INC.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED JUNE 30, 2010 AND 2009

Note 2 - Management Agreements (Continued)

The Organization entered into a contract with The Nature Conservancy ("TNC") whereby TNC would use Eidolon Nature Preserve endowment proceeds to reimburse the Organization for actual costs of materials, supplies and other out-of-pocket expenses incurred in connection with the management of the Eidolon Preserve. Reimbursements for these purposes would be governed by annual, full-year contracts that ran from July 1 through June 30 each year, with the amounts available for reimbursement each year depending upon endowment returns, and with any unused funds carrying over and remaining available to the Organization. Under the terms of the contract that was entered into for the years ended June 30, 2010 and 2009, the Organization was eligible for reimbursements of up to \$16,830 and \$15,500 and sought and received reimbursements of \$16,451 and \$4,670, respectively.

Note 3 - Restatement

During 2010, it was discovered that the contribution of land received from The Nature Conservancy in the amount of \$16,940 was recorded as an Unrestricted Contribution. As a condition of the gift, the land must be forever held for scientific, educational and aesthetic purposes and therefore should have been recorded as a Permanently Restricted Contribution. The effect of the error was that Unrestricted Contributions were overstated by \$16,940 and Permanently Restricted Contributions were understated by \$16,940 for the year ended June 30, 2009. The accompanying financial statements have been restated to reflect the increase in Permanently Restricted Contributions and the corresponding decrease in Unrestricted Contributions for the year ended June 30, 2009. The correction also increased Permanently Restricted Net Assets and decreased Unrestricted Net Assets as of June 30, 2009 by \$16,940, accordingly.

Note 4 - Endowment Fund

The Organization is the beneficiary of the Potomac Valley Audubon Society endowment fund established in 2004 and held by the Eastern West Virginia Community Foundation. The fund is intended to be a perpetual endowment to support the environmental education efforts of the Organization. The Community Foundation maintains variance power over the fund (a) to modify any restriction or condition on the distribution of funds; (b) to replace any trustee, custodian or agent for breach of fiduciary duty; and (c) to replace any trustee, custodian or agent for failure to produce a reasonable rate of return of net income over a reasonable period of time, as determined by the Foundation's Board of Directors. Distributions from the fund are determined under the spending policy of the Foundation and can be made annually to the Organization. In the event the Organization has an emergency need, the Foundation upon written request of the Organization's Board of Directors may, in its discretion, make an excess distribution from the fund provided that only one such excess distribution may be made annually and at least \$5,000 must remain in the fund after such excess distribution. No distributions have been made from the fund and the Board of Directors has elected to reinvest all investment income from the fund until such time as the Board designates otherwise.

POTOMAC VALLEY AUDUBON SOCIETY, INC.

The investment income, including gains and losses, are reported in the Statement of Activities net of investment expenses and administrative fees. The net investment income was \$398 and \$1,261 for the years ended June 30, 2010 and 2009, respectively.

Note 6 - Significant Grant Funding (Continued)

WV Department of Environmental Protection

On June 3, 2009, the Organization entered into a one year cooperative agreement with the West Virginia Department of Environmental Protection. Note 7 - Agreement with National Conservation Training Center (NCTC)

The Organization entered into a memorandum of agreement with the U.S. Fish and Wildlife Service's NCTC on August 24, 2008. The agreement formalizes the relationship between the two organizations and provides rent free space for the Organization to hold regular meetings and in exchange the Organization will work and partner with NCTC on a variety of conservation-related events and activities. The agreement is effective for five years and may be renewed for successive five year terms at the discretion of both organizations. The in-kind value of the meeting space is estimated to be \$22,086 and \$19,084 for the years ended June 30, 2010 and 2009, respectively.

Note 8 - Gift Subject to Life Estate Interest

The Organization, by way of bequest, received a remainder interest in approximately 32 acres of land located in Jefferson County, WV on April 27, 2008. The deceased's last will and testament stipulates, the property is to be used for the purposes of holding and maintaining as a wildlife preserve, a wetlands preserve and as a home, nesting, and landing area for ducks and geese.
