Coordinators,

It is a little over a month until we are finally having our Master Naturalist State Conference. During our business meeting starting at 4:45 on Saturday, August 21 at Canaan Valley State Park, one of our agenda items will be to approve the amendments to our bylaws. In accordance with our current bylaws, these changes are being sent to you to distribute to your chapter members at least 30 days in advance of the meeting. The entire draft bylaws are attached with the changes highlighted in yellow. **Appendix F, *The Conference Planning Guide* still needs to be approved by the MNSAC. Coordinators and other board members, please vote on its acceptance and Coordinators, please distribute the bylaws to your members.** The reasons for the changes should be self-explanatory – if further explanation is needed, please contact Andrea Dalton 304-704-2476 or AndreaDalton64@gmail.com. These changes have been approved by the MNSAC and the State Program Coordinator
